

## Bergisches Land: The Highlands East of Cologne

Join us for the **2. International Student Summer Camp**  
of the Rotary Club Wipperfürth-Lindlar/Romerike Berge,  
Rotary District 1810!

We will welcome approximately 20 students, from 8-10 countries which will send one boy and one girl each (age 16-18). Camp language will be English, perhaps we'll teach you a little bit of German...

Just on the eastern bank of the river Rhine you enter the highlands called "Bergisches Land". Our camp headquarters are located in a youth hostel in the village of Lindlar, approx. 30 km east of Cologne. From here we will start our daily excursions to discover typical spots of the region, e.g.:

- Exploring the city of Cologne with its old roman history and its modern culture, from the roof top of the world known Cologne cathedral "Kölner Dom" down to the lovely old city centre on the banks of the river Rhine
  - Trip on the unique Wuppertal suspension railway
  - Visit to the world famous knife production town of "Solingen"
    - Exploring a stalactite cave
    - Canoeing on the river "Agger"
    - Geocaching tour
- Discovering the medieval castle "Schloss Burg", the former home of the ruling family of the Counts of Berg
  - Excursion to a big dam lake
- A still operational historic water powered steel forging mill ...  
... and many others ...

The summer camp aims to develop and improve international friendships and networking among young people. We will be glad to welcome you in our summer camp and let you explore a region at the heart of Germany with most interesting contrasts between a world famous city and the beauty of the landscape, and the unique arrangement of traditional farming, forestry and industrial culture!

And we'll have a lot of fun !!
