Subject: Balkan Inter-Country Rotary Peace Conference,

Dear Atanas Atanasov
Governator of District 2482

On behalf of the organizing committee, and the Governator of the District 2241, Romania and Moldavia, Radu Popescu, we are pleased to invite you to attend the Balkan Inter-Country Rotary Peace Conference, entitled

Culture-Friendship-Cooperation for Peace in the Balkans
Best practices and opportunities for regional development

The Conference will take place in Craiova, Romania, on 17-19 May 2013.

This event is a welcome opportunity for Rotary Clubs and Rotarians, from each participating country, to meet and work together to increase Rotary membership, build partnerships between clubs, initiate club twinning activities, organize exchanges between Rotary members or vocational groups, initiate and support global community projects or vocational activities and improve participation in the Rotary Foundation programs.

Furthermore, given the occasion, we are able to foster friendship, goodwill and peace between nations. Additionally, we are looking to encourage a favorable business environment, encounters between fellow Rotarian businessmen and regional development.

To this end, we kindly ask you to submit a list of the companies represented by Rotarians and their specific interests, so that we may arrange constructive appointments. A company presentation is always an effective tool to find business partners.

Please find a preliminary version of the Conference Agenda enclosed.

Your valuable input will be highly appreciated in meeting the expectations and requirements of the participants.

In closing, we hope this edition of the Balkan Inter-Country Rotary Peace Conference will be the first of many organized, by rotation, in all partner Districts. We look forward to receiving your confirmation and proposals and we assure you of our deepest Rotarian sympathy. Please be so kind and let us know the components of your delegation, based on the documents presented in the Annexes.

Deadline: 25.04.2013.

Address, Mircea Nastase mwnastase@gmail.com; mwnastase@yahoo.com

Best regards
